

Introductory Quiz

How quickly can you find the answers to these questions?

- (1) Which is the quickest way to move cargo from overseas to the National Terminal, by air or by sea?
- (2) How many fewer spaces is it?
- (3) What is the name of the area where incoming containers and pallets are unloaded and stored before being loaded on to trucks?

- (4) The highway is used by trucks and the track is used by Last Mile Carriers (LMCs). Which is which?
- (5) Suggest one advantage of using the highway and one advantage of using the track:
- (6) Container Handling Hubs are where trucks unload and containers are stored. Which Hubs are **not** shown here?

- (7) You will see 3 Pallet Handling Hubs too. Using the clue that LMCs are the only mode of transport able to reach the Sites, what do you think is the role of a Pallet Handling Hub?
- (8) How many Sites are accessible by an LMC?

- (9) Where do you think you can position pallets for a short time?

- (10) Which Site **cannot** be reached by LMC?
